

195

Reporting Requirements

195.49

Annual Reporting

[Amdt. 195-80, 69 FR 537, Jan. 6, 2004]

195.49

Annual Reporting

Beginning no later than June 15, 2005
—each operator must annually complete
and submit DOT form RSPA F 7000-1.1
for each type of hazardous liquid pipeline
facility operated at the end of the previous
year.

195.49

Annual Reporting

A separate report is required for crude oil, HVL (including anhydrous ammonia), petroleum products, and carbon dioxide pipelines.

195.49

Annual Reporting

Operators were encouraged, but not required, to file an annual report by June 15, 2004, for calendar year 2003.

495.50 Reporting accidents

An accident report is required for each failure in a pipeline system subject to this part in which there is a release of the hazardous liquid or carbon dioxide transported resulting in any of the following:

195.50 Reporting accidents

➤ ***(a) Explosion or fire not intentionally set by the operator.***

195.50 Reporting accidents

➤ (b) **Release of 5 gallons** or more of hazardous liquid or CO₂,

195.50 Reporting accidents

➤ except that no report is required for a release of less than 5 barrels resulting from a pipeline maintenance activity if the release is:

195.50 Reporting accidents

- (1) Not otherwise reportable under this section,*
- (2) Not one described in Sec. 195.52(a)(4)*
- (3) Confined to company property or pipeline right-of way, and*
- (4) Cleaned up promptly,*

-continued-

195.50 Reporting accidents

- ♦ (c) Death of any person,
- ♦ (d) Personal injury necessitating hospitalization,

-continued-

195.50 Reporting accidents

- ♦ (e) Estimated property damage, including cost of clean-up and recovery, value of lost product, and damage to the property of the operator or others, or both, exceeding \$50,000.

195.52 Telephonic notice of certain accidents

- (a) At the earliest practicable moment following discovery of a release of the hazardous liquid or carbon dioxide transported resulting in an **event described in 195.50,**

195.52 Telephonic notice of certain accidents

➤ the operator of the system shall give notice, in accordance with paragraph (b) of this section, of any failure that:

195.52 Telephonic notice of certain accidents

- (1) Caused a death or a personal injury requiring hospitalization;
- (2) Resulted in either a fire or explosion not intentionally set by the operator;

195.52 Telephonic notice of certain accidents

- (3) Caused estimated property damage, including cost of cleanup and recovery, value of lost product, and damage to the property of the operator or others, or both, exceeding \$ 50,000;

195.52 Telephonic notice of certain accidents

- (4) Resulted in pollution of any stream, river, lake, reservoir, or other similar body of water that violated applicable water quality standards,

195.52 Telephonic notice of certain accidents

- (5) In the judgment of the operator was significant even though it did not meet the criteria of any other paragraph of this section.

195.52 Telephonic notice of certain accidents

➤(b) Reports made under paragraph (a) of this section are made by telephone to 800-424-8802...

195.54 Accident reports.

- (a) an accident required to be reported under 195.50 shall as soon as possible but no later than 30 days after discovery, submit a DOT Form 7000-1
- (b) must file supplemental reports with additions within 30 days

SECTION 195.55

REPORTING SAFETY-RELATED CONDITIONS.

195.55 Reporting safety-related conditions.

➤(a) Shall report per 195.56 the following conditions involving pipelines in service:

- ◆ (1) General corrosion that has reduced wall to less than required for MOP, and localized corrosion pitting that might result in leakage.

- continued -

195.55 Reporting safety-related conditions.

- ◆ (2) Unintended movement or abnormal loading by environmental causes--floods, earthquake, etc.

195.55 Reporting safety-related conditions.

- ◆ (3) Any material defect or physical damage that impairs serviceability

195.55 Reporting safety-related conditions.

- (4) Any malfunction or operating error that causes pressure to exceed 110% of MOP

- continued -

195.55 Reporting safety-related conditions

Emergency is characterized by the need for immediate corrective action to protect the public and property.

➤ (5) A leak in a pipeline that constitutes an emergency.

Examples of leaks that may constitute an emergency are those that occur in residential or commercial areas in conjunction with a natural disaster, those where a flammable vapor is detected inside a building, and those that involve response by police or fire departments.

195.55 Reporting safety-related conditions.

- (6) Any safety-related condition that could lead to an imminent hazard and causes (other than abandonment) a 20% or more reduction in operating pressure or shutdown.

195.55 Reporting safety-related conditions.

➤(b) A report is not required for any safety-related condition that -

- ◆ (1) Exists on a pipeline that is more than 220 yards from any building intended for human occupancy or outdoor place of assembly

EXCEPT FOR

195.55 Reporting safety-related conditions.

EXCEPT FOR

For conditions that exist within the right-of-way of any **ACTIVE**:

Street

Highway

Paved Road

Railroad

195.55 Reporting safety-related conditions.

EXCEPT FOR (continued)

or that occur offshore or onshore where liquid could pollute river, stream, other body of water

195.55 Reporting safety-related conditions.

- ◆ (2) Is a reportable accident under 195.50 or results in an accident before filing deadline

IS AN ACCIDENT

195.55 Reporting safety-related conditions.

- ◆ (3) Is corrected by repair or replacement before filing deadline **EXCEPT** that reports are required for all conditions under (a)(1) **OTHER** than localized corrosion pitting on an effectively coated and CP pipeline

?

195.56 Filing safety-related condition reports.

- ◆ (a) Each report must be filed (received by the Administrator) in writing within 5 working days (not including Saturdays, Sundays, or Federal holidays) after the day a representative of the operator **determines** the condition exists...

195.56 Filing safety-related condition reports.

DETERMINE (definition)

To establish or ascertain definitely, as after:

investigation, reasoning or calculation.

195.56 Filing safety-related condition reports.

- ♦ (a)...but not later than 10 working days after the day a representative of the operator **discovers** the condition. Separate conditions may be described in a single report if they are closely related. To file a report by FAX, dial (202) 366-7128.

195.56 Filing safety-related condition reports.

DISCOVER (definition)

To gain knowledge of (something) through observation, study, or search;

to be the first to find, learn or observe.
